INDEX TO PHOTOGRAPHS

Monadnock Mills: Mill No. 1
Water Street
Claremont, New Hampshire
Sullivan County

Photographer: Jet Lowe, 1978

- NH-2-A-1 View of the Monadnock Mill No. 1 stair tower, showing the wooden spiral staircase built around a masthead.
- NH-2-A-2 Partial south elevation of Monadnock Mill No. 1. Despite several additions, the central stair tower retains its original design and detail. The doors are original.
- NH-2-A-3 Interior of the attic of Mill No. 1, looking west. Unlike Mill No. 2 or the Sugar River Grist Mill, there were no iron tension members in this roof truss design. The structural framing members and the roof sheathing have been encased in finish millwork.
- NH-2-A-4 Monadnock Mill No. 1 compression post/top chord detail. A mortice from an earlier framing member is visible as is a peg at the top chord where the finish millwork trim has been removed from the post.
- NH-2-A-5 Detail of the original stair in Monadnock Mill No. 1 tower.
- NH-2-A-6 Photocopy of a photograph (original print in the collection of the Claremont Historical Society)
No date, photographer unknown
Monadnock Mill No. 1 (1836-1839) from the southeast.

Researchers are referred to HAER No. NH-1, Claremont Village Industrial District, for other photos and a site plan (sheet 4 of 4) of the Monadnock Mills complex.
